

If you want the opportunity to decide what happens to your car

READ BELOW

Before you take out, or renew your car Insurance Policy, confirm that...

In the event of an accident, the Insurer you are considering will assess and repair at the premises of your preferred repairer at a fair and reasonable negotiated price.

If you are not satisfied with the answer...

Call our office for advice as to which Insurance Companies will give you a real Freedom of Choice.

CAR INSURANCE
YOUR LOSS
WHOSE GAIN?

WHAT YOU LOSE
BY CHOOSING
THE WRONG INSURER!

The problem with Car Insurance is you only know you've chosen the wrong Insurer when you need them most - **then it's too late.**

For most people, their car is the most important asset after their home. IF their car is involved in an accident, they care about how it is repaired and they care about who repairs it.

Some Insurance Companies say you are able to choose your repairer, but effectively exclude you from the repair process. They dictate who repairs your car. They dictate how it will be repaired, where it will be repaired, when it will be repaired and the price.

Did you know some Insurers require that your damaged vehicle be towed to an Assessment Centre far removed from your premises for competitive tendering? Thereafter the Insurer allocates the job to a repairer of their choice.

**THESE INSURERS HAVE TAKEN
AWAY YOUR CONTROL OVER
WHAT HAPPENS TO YOUR CAR.**

CAR INSURANCE

Other Insurance Companies allow you the opportunity to choose the repairer you wish to deal with. They are prepared to negotiate a fair price for a quality job by a repairer of your choice.

**THESE INSURERS RESPECT THE FACT
THAT YOU PAID THE PREMIUM AND
GIVE YOU THE OPPORTUNITY TO
DECIDE THE FATE OF YOUR CAR.**

There is often only a relatively small difference between the premiums of different Insurers. There can, however, be a very large difference between the way your car is repaired.

Don't find you have been **unlucky** twice over:

- **Unlucky** your car was in an accident
- **Unlucky** you have an Insurer who takes away your choice of repairer.

Call our office and we can assist you with information on Insurance Companies who will give you the freedom to choose your repairer.

www.autocareclaims.com.au

You may find an Insurer will say
That you have **not lost** the
Freedom to choose your Repairer

BUT HAVE YOU?

They make it very hard for you to exercise any choice by adopting the following tactics.

They will tell you:

- they can't guarantee the repair;
- they will delay your repairs and settlement;
- they will cash settle you for the lowest quote, but you are then on your own in getting your car repaired;
- they may even threaten to cancel your policy!

If the above has happened to you, you have lost your freedom of choice.

These are all tactics adopted by some Insurers against motorists who try to have their car repaired by their preferred repairer.

**THESE ARE TACTICS DESIGNED TO STOP
YOU EXERCISING CHOICE.**

**THESE ARE TACTICS DESIGNED TO
PRESSURE YOU TO DO WHAT THE
INSURER WANTS.**
